Angelo P. Giardino, MD, PhD; James A. Monteleone, MD

Child Maltreatment ISBN 978-1-878060-29-7 \$515.00

Written by 33 leading experts in various areas of child maltreatment, this training module includes the following resources: 392 full-color slides; 3 instructor’s modules, each averaging 235 pages with 36 individual lesson exercises accompanying each section; 9 participant workbooks; and 16 transparency acetate overheads.

This training module package of 3 binders will benefit anyone who trains or teaches others how to identify, interpret, and report occurrences of child abuse, including *law enforcement, medical professionals, social workers, attorneys, and teachers.*

The presentation of each section flows in an easy-to-follow sequence and is all-inclusive. Class preparation materials are provided.

The 3 modules cover the following areas:

Physical Signs of Abuse uses color photographs and radiographs to help students learn how to distinguish abusive from nonabusive injuries.

Sexual, Emotional, & Psychological Abuse enables course participants to identify sexual abuse, delineates which children are at high risk for abuse and neglect, and addresses various psychological disorders.

Investigation, Care, & Prevention teaches the steps to take when abuse or neglect is discovered, details the agencies and procedures involved, and helps participants realize strategies for preventing abuse.

The new *Child Maltreatment: A Clinical Guide and Reference, Third Edition* serves as the official companion textbook for the Training Modules. Containing 43 chapters and 200 images from 76 contributors, this fully updated text is a comprehensive textbook on child abuse. It is available as part of a 2-volume set (ISBN 978-1-878060-85-3).

Child Maltreatment Training Modules and Visuals seeks to provide professionals and those they train with the most comprehensive curriculum available for the diagnosis, treatment, and prevention of child maltreatment.
